ALLIS-CHALMERS

BOX 512 • MILWAUKEE, WISCONSIN 53201

LITHO IN U.S.A.

FORM TPL-543 B
(10-68)

HOW TO ORDER PARTS

Order all parts for your machine from your local "Allis-Chalmers" Dealer.

When ordering parts for your unit, supply the following information:

1. The model or name of the unit and its serial number.

The tractor Serial Number is stamped on the flange of the torque tube on the L.H. side.

The engine Serial Number is stamped on the

flange at L.H. rear of engine.

The loader Serial Number is located in center of front cross piece.

2. State the common name of the part you wish to order, or a description of the part and its location on the unit.

3. Always print your name and post office address, where parts are to be shipped; also specify whether material is to be shipped by freight, express or parcel post.

IMPORTANT

Unless claims for shortages or errors are made immediately upon receipt of goods, they will not be considered.

When broken goods are received, a full description of the damage should be made by the carrier agent on the freight bill. If this description is insisted upon full damage can always be collected from the transportation company.

No responsibility is assumed for delay or damage to merchandise while in transit. Our responsi-

bility ceases upon delivery of shipment to the transportation company, from whom a receipt is received showing that shipment was in good condition when delivered to them; therefore claims (if any) should be filed with the transportation company and not with Allis-Chalmers Manufacturing Company.

The right is reserved to change the construction or material of any parts where it seems desirable to do so, without incurring the obligation of installing such changes on units already delivered.
