INSTRUCTIONS FOR ORDERING PARTS

WHEN ORDERING PARTS, ALWAYS CONTACT YOUR NEAREST BANTAM DISTRIBUTOR. PROMPT SERVICE WILL BE ASSURED IF CARE IS TAKEN IN GIVING THE FOLLOWING INFORMATION:

1. Always give the serial number and model number of the machine. This number may be found stamped on the brass plate located in the operator's cab.
2. Give the group number, part number and clear description as shown in the parts list, for each part ordered.
3. Give the quantity required. Specify number of pieces required of each part. Do not use words "Pairs" or "Sets".
4. State engine make, drive line components, or any optional equipment that may be helpful in determining the correct parts when not shown in parts manual.

6. Give accurate shipping instructions, including your correct address and state by what means the order should be shipped; whether by freight, express, parcel post, air mail, air express or air freight.
7. Give invoicing address. Unless otherwise specified, invoices will be mailed to the shipping point.
