950G Series II Wheel Loader

Setting the standard for wheel loader productivity, durability, and operator comfort.

Engine

- ✓ Cat® 3126B ATAAC diesel engine is built for performance, durability, excellent fuel economy, low sound levels and meets all world-wide emission regulations through 2006. **pg. 4**

Electronic Transmission

Planetary power shift transmission with automatic shift capability provides on-the-go speed and direction changes. The Electronic Clutch Pressure Control (ECPC) delivers smoother shifts. Variable Shift Control matches shift patterns to the application. **pg. 5**

Cooling System

- ✓ New G Series II cooling package reduces radiator plugging and contributes to increased fuel efficiency. The new cooling package traps less airborne debris and is more accessible for cleaning. **pg. 6**

Buckets and Ground Engaging Tools

Choose from a variety of Caterpillar buckets and Ground Engaging Tool options to match your application. **pg. 11**

Work Tools

Add versatility to your Series II machine with a factory installed Quick Coupler and a wide range of attachments and specialty buckets offered by Caterpillar. **pg. 12**

Performance and comfort you can feel, delivering strong breakout force, fast cycle times, and smooth shifts for optimal productivity.
