Dealer ECM Clearing Training

Introduction

- This training walks the user through the Dealer ECM Clearing Process
- For supported ECMs, this eliminates the need to send the ECMs back to Caterpillar for clearing.
- Within Cat ET, ECM Test Mode can be utilized on ECMs not supported by the ECM Clearing process.
- ECM Clearing is supported on the A4E2V1, A4E4V2, and A4E4V3 Engine ECMs.
- **NOTE: Cat ET 2013B or newer is required**

Part 1 – Clearing ECM

(To be performed by TC's Only)
