Introduction

Hand Tools and Shop Supplies

The Hand Tools and Shop Supplies catalog incorporates all of the shop supplies, general purpose hand tools, tool boxes, and personal safety items for dealer and customer service shops.

Ordering Procedure

Most products listed in PECJ0003-03 are stocked at Cat® parts facilities. All products in PECJ0003-03 can be ordered through the Cat Parts Distribution system using existing stock or emergency ordering procedures.

Prices

Prices are subject to change without notice. Standard dealer payment terms apply for any product ordered from this catalog (whether it is stocked or direct shipped).

Warranty Claims Process

Customers:

In the event that a warranty claim needs to be filed, contact your Cat dealer.

Dealers:

The products offered in this catalog are covered by the standard six-month Caterpillar warranty unless they are covered by a manufacturer warranty. Where possible, the warranty type is listed in the product details. The most up-to-date information on warranty type and length is available in the Cat Dealer Numerical Parts Record (NPR) system.

For more warranty information and a sample claims form, visit dealer.cat.com/toolsandsupplies.

Questions

Customers:

Contact your local Cat Dealer with any questions you may have about the products listed in this catalog.

Dealers:

For more information about any of the products listed in the catalog contact the Global Dealer Services Network.

¹Warranty: Six Months

Protector Cases - Pelican Line

Warranty: Manufacturer, Lifetime

- Make an excellent lockable storage vault when equipment is not in use - just apply a lock
- Strong, double-throw latches - easier to open with a light pull
- Watertight, airtight, dustproof - Pelican cases feature an exclusive 6.5 mm (1/4 in) neoprene "O" ring, to guarantee a perfect seal. Neither dust nor water can penetrate this barrier to harm your equipment. These cases are so airtight and watertight they float even when loaded. The "O" ring is easily replaced if damaged.
- Purge valve - The exclusive built-in "O" ring purge valve is sealed for pressure allowing for quick equalization after changes in altitude or temperature.
- Dentproof - The tough, cushioned, protective shell eliminates damage from bumping, jarring, and even airline shipments
- Protect contents inside - Multiple layers of industrial grade photographic foam secure and cushion equipment
- Custom fit for tooling - The "Pick-N'Pluck" center foam section is prescored for quick and clean custom fitting. The case lid is lined with the same convoluted foam for maximum shock protection
- Lightweight - easy to carry by using the comfortable, molded handle (4C-9650 and 4C-9658 have fold-down handles.)
- All cases are gray
