SERVICE SHOP MANUAL

DEARBORN MOTORS CORPORATION
BIRMINGHAM, MICHIGAN

National Marketing Organization for the Ford Tractor
and Dearborn Farm Equipment

Form No. ED-5745-7

CM 012001

This Service Shop Manual gives servicemen all necessary information on the disassembly, assembly, repair, inspection and maintenance of the Engine, Transmission and Hydraulic System of the Golden Jubilee Model Ford Tractor.

An effort has been made to produce a manual that will serve both as a ready reference book for the experienced serviceman and also cover step-by-step procedures to guide less experienced men. It provides the information needed to make repairs and determine engine or other mechanical troubles.

The Manual is divided into Sections. Each Section is further divided into the number of Service Jobs necessary to complete the work. At the beginning of each Section there is an index to the Service Jobs contained in that Section. This arrangement makes the information easy to find and the Manual easy to use.

The Manual should always be kept in a handy place for ready reference. Used properly, it will help all servicemen to serve the owners of the Golden Jubilee Model Ford Tractor quickly and efficiently.

INTRODUCTION

This Service Shop Manual gives servicemen all necessary information on the disassembly, assembly, repair, inspection and maintenance of the Engine, Transmission and Hydraulic System of the Golden Jubilee Model Ford Tractor.

An effort has been made to produce a manual that will serve both as a ready reference book for the experienced serviceman and also cover step-by-step procedures to guide less experienced men. It provides the information needed to make repairs and determine engine or other mechanical troubles.

The Manual is divided into Sections. Each Section is further divided into the number of Service Jobs necessary to complete the work.
