**HYDRAULIC EXCAVATOR** 

SERIAL NUMBERS PC27MR-15001 and up PC35MR- 6736

#### **▲** WARNING -

Unsafe use of this machine may cause serious injury or death. Operators and maintenance personnel must read this manual before operating or maintaining this machine. This manual should be kept near the machine for reference and periodically reviewed by all personnel who will come into contact with it.

#### NOTICE

Komatsu has Operation & Maintenance Manuals written in some other languages. If a foreign language manual is necessary, contact your local distributor for availability.

# CALIFORNIA Proposition 65 Warning

Diesel engine exhaust and some of its constituents are known to the State of California to cause cancer, birth defects, and other reproductive harm.

#### **CALIFORNIA**

### **Proposition 65 Warning**

Battery posts, terminals and related accessories contain lead and lead compounds, chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Wash hands after handling.

# **FOREWORD**

This manual provides rules and guidelines which will help you use this machine safely and effectively. The precautions in this manual must be followed at all times when performing operation and maintenance. Most accidents are caused by the failure to follow fundamental safety rules for the operation and maintenance of machines. Accidents can be prevented by knowing beforehand conditions that may cause a hazard when performing operation and maintenance.

# WARNING

Operators and maintenance personnel must always do as follows before beginning operation or maintenance.

- Always be sure to read and understand this manual thoroughly before performing operation and maintenance.
- Read the safety messages given in this manual and the safety labels affixed to the machine thoroughly and be sure that you
  understand them fully.

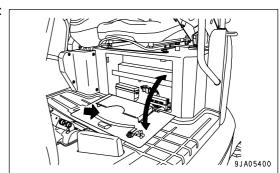

Keep this manual in the storage location for the operation and maintenance manual given below, and have all personnel read it periodically.

If this manual has been lost or has become dirty and cannot be read, request a replacement manual immediately from Komatsu or your Komatsu distributor.

If you sell the machine, be sure to give this manual to the new owners together with the machine.

Komatsu delivers machines that comply with all applicable regulations and standards of the country to which it has been shipped. If this machine has been purchased in another country or purchased from someone in another country, it may lack certain safety devices and specifications that are necessary for use in your country. If there is any question about whether your product complies with the applicable standards and regulations of your country, consult Komatsu or your Komatsu distributor before operating the machine.

Storage location for the Operation and Maintenance Manual: Pocket on inside of cover of toolbox under operator's seat

#### **EMISSION CONTROL WARRANTY**

#### EMISSION CONTROL WARRANTY STATEMENT (APPLIES TO CANADA ONLY)

#### 1. Products Warranted

Komatsu America International Company, Komatsu Mining Systems Inc. and Komatsu Utility Corporation (collectively "Komatsu") produce and/or market products under brand names of Komatsu, Dresser, Dressta, Haulpak and Galion. This emissions warranty applies to new engines bearing the Komatsu name installed in these products and used in Canada in machines designed for industrial off-highway use. This warranty applies only to these engines produced on or after January 1, 2000. This warranty will be administered by Komatsu distribution in Canada.

#### 2. Coverage

Komatsu warrants to the ultimate purchaser and each subsequent purchaser that the engine is designed, built and equipped so as to conform, at the time of sale by Komatsu, with all U.S. Federal emission regulations applicable at the time of manufacture and that it is free from defects in workmanship or material which would cause it not to meet these regulations within five years or 3,000 hours of operation, whichever occurs first, as measured from the date of delivery of the engine to the ultimate purchaser.

#### 3. Limitations

Failures, other than those resulting from defects in materials or workmanship, are not covered by this warranty. Komatsu is not responsible for failures or damage resulting from what Komatsu determines to be abuse or neglect, including, but not limited to: operation without adequate coolant or lubricants; over fueling; over speeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the engine. Komatsu is also not responsible for failures caused by incorrect fuel or by water, dirt or other contaminants in the fuel. Komatsu is not responsible for non-engine repairs, "downtime" expense, related damage, fines, all business costs or other losses resulting from a warrantable failure.

#### KOMATSU IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

This warranty, together with the express commercial warranties, are the sole warranties of Komatsu. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICUALR PURPOSE.

#### GARANTIE SUR LE CONTRÔLE DES ÉMISSIONS

#### ÉNONCÉ DE GARANTIE SUR LE CONTRÔLE DES ÉMISSIONS (APPLICABLE AU CANADA SEULEMENT):

#### 1. Produits garantis:

Komatsu America International Company, Komatsu Mining Systems Inc. et Komatsu Utility Corporation (collectivement Komatsu) produisent et/ou font la mise en marché de produits portant les noms de marque Komatsu, Dresser, Dressta, Haulpak et Galion. Cette garantie sur les émissions s'applique à tous les nouveaux moteurs portant le nom Komatsu, installés dans ces produits et utilisés au Canada dans des machines conçues pour utilisation industrielle nonroutière. Cette garantie s'applique seulement sur les moteurs produits à partir du 1er Janvier 2000. Cette garantie sera administrée par la distribution de Komatsu au Canada.

#### 2. Couverture:

Komatsu garantit à l'acheteur ultime et chaque acheteur subséquent que le moteur est conçu, construit et équipé en toute conformité, au moment de la vente par Komatsu, avec toutes les Réglementations fédérales américaines sur les émissions applicables au moment de la fabrication et qu'il est exempt de défauts de construction ou de matériaux qui auraient pour effet de contrevenir à ces réglementations en dedans de 5 ans ou 3000 heures d'opération, mesuré à partir de la date de livraison du moteur au client ultime.

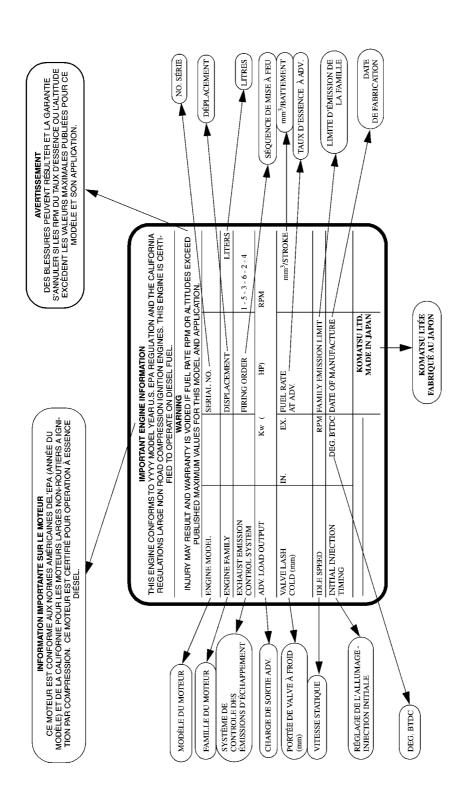

#### 3. Limitations:

Les bris, autres que ceux résultant de défauts de matériaux ou de construction, ne sont pas couverts par cette Garantie. Komatsu n'est pas responsable pour bris ou dommages résultant de ce que Komatsu détermine comme étant de l'abus ou négligence, incluant mais ne se limitant pas à: l'opération sans lubrifiants ou agent refroidissants adéquats; la suralimentation d'essence; la survitesse; le manque d'entretien des systèmes de lubrification, de refroidissement ou d'entrée; de pratiques non-propices d'entreposage, de mise en marche, de réchauffement, de conditionnement ou d'arrêt; les modifications non-autorisées du moteur. De plus, Komatsu n'est pas responsable de bris causés par de l'essence inadéquate ou de l'eau, des saletés ou autres contaminants dans l'essence. Komatsu n'est pas responsable des réparations non-reliées au moteur, des dépenses encourues suite aux temps d'arrêts, des dommages relatifs, amendes, et de tout autre coût d'affaires ou autres pertes résultant d'un bris couvert par la garantie.

#### KOMATSU N'EST PAS RESPONSABLE DES INCIDENTS OU DOMMAGES CONSÉQUENTS.

Cette garantie, ainsi que les garanties expresses commerciales, sont les seules garanties de Komatsu. IL N'Y A AUCUNE AUTRE GARANTIE, EXPRESSE OU SOUS-ENTENDUE, MARCHANDABLE OU PROPICE A UNE UTILISATION PARTICULIÈRE.

CEKQ000600 - Komatsu America International Company 12/99

ENGINE DATAPLATE - ENGLISH / FRENCH

FOREWORD SAFETY INFORMATION

# **SAFETY INFORMATION**

To enable you to use this machine safely, safety precautions and labels are given in this manual and affixed to the machine to give explanations of situations involving potential hazards and of the methods of avoiding such situations.

#### Signal words

The following signal words are used to inform you that there is a potential hazardous situation that may lead to personal injury or damage.

In this manual and on machine labels, the following signal words are used to express the potential level of hazard.

Indicates an imminently hazardous situation which, if not avoided, will result in death or serious injury.

Indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.

Indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury. This word is used also to alert against unsafe practices that may cause property damage.

Example of safety message using signal word

When standing up from the operator's seat, always place the lock lever in the LOCK position.

If you accidentally touch the control levers when they are not locked, this may cause a serious injury or death.

#### Other signal words

In addition to the above, the following signal words are used to indicate precautions that should be followed to protect the machine or to give information that is useful to know.

**NOTICE** 

This word is used for precautions that must be taken to avoid actions which could shorten the life of the machine.

**REMARKS** 

This word is used for information that is useful to know.

SAFETY INFORMATION FOREWORD

#### · Safety labels

Safety labels are affixed to the machine to inform the operator or maintenance worker on the spot when carrying out operation or maintenance of the machine that may involve hazard.

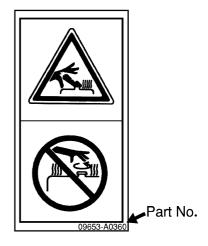

This machine uses "Safety labels using words" and "Safety labels using pictograms" to indicate safety procedures.

#### Example of safety label using words

#### Safety labels using pictogram

Safety pictograms use a picture to express a level of hazardous condition equivalent to the signal word. These safety pictograms use pictures in order to let the operator or maintenance worker understand the level and type of hazardous condition at all times. Safety pictograms show the type of hazardous condition at the top or left side, and the method of avoiding the hazardous condition at the bottom or right side. In addition, the type of hazardous condition is displayed inside a triangle and the method of avoiding the hazardous condition is shown inside a circle.

Komatsu cannot predict every circumstance that might involve a potential hazard in operation and maintenance. Therefore, the safety messages in this manual and on the machine may not include all possible safety precautions. If any procedures or actions not specifically recommended or allowed in this manual are used, it is your responsibility to take the necessary steps to ensure safety.

In no event should you engage in prohibited uses or actions described in this manual.

The explanations, values, and illustrations in this manual were prepared based on the latest information available at that time. Continuing improvements in the design of this machine can lead to changes in detail which may not be reflected in this manual. Consult Komatsu or your Komatsu distributor for the latest available information of your machine or for questions regarding information in this manual.

The numbers in circles in the illustrations correspond to the numbers in ( ) in the text. (For example: ① -> (1))

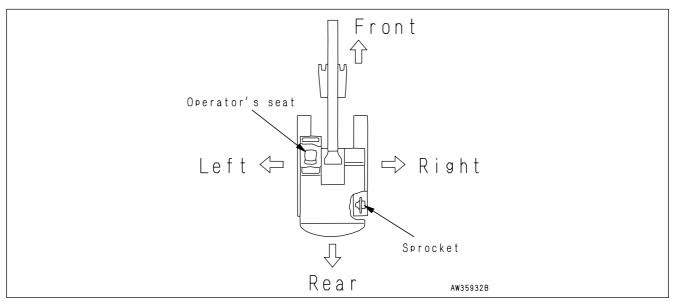

# **INTRODUCTION**

This Komatsu machine is designed to be used mainly for the following work:

- · Digging work
- · Leveling work
- · Ditching work
- · Loading work
- Demolition work

See the section "WORK POSSIBLE USING COMPACT HYDRAULIC EXCAVATOR (PAGE 3-79)" for further details.

# **DIRECTIONS OF MACHINE**

In this manual, the terms front, rear, left, and right refer to the travel direction as seen from the operator's seat when the operator's seat is facing the front and the sprocket is at the rear of the machine.

PRODUCT INFORMATION FOREWORD

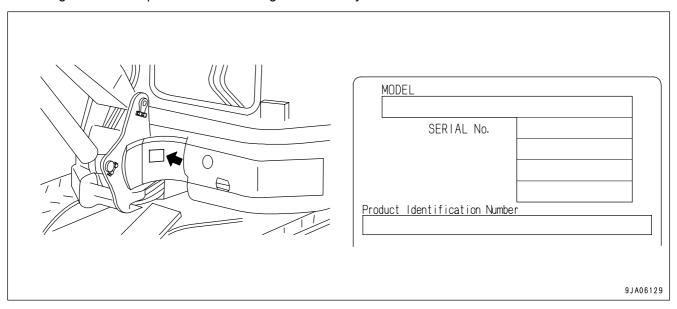

# **PRODUCT INFORMATION**

When requesting service or ordering replacement parts, please inform your Komatsu distributor of the following items.

# PRODUCT IDENTIFICATION NUMBER (PIN)/MACHINE SERIAL NO. PLATE

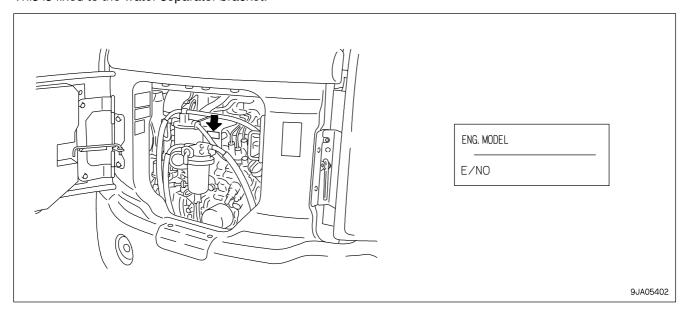

On the left front of the frame.

The design of the nameplate differs according to the territory.

# **ENGINE SERIAL NUMBER PLATE AND ITS LOCATION**

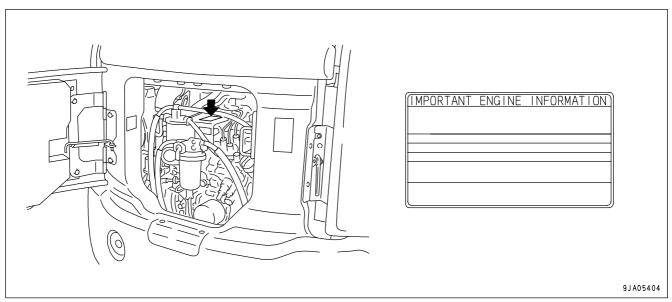

This is fixed to the water separator bracket.

FOREWORD PRODUCT INFORMATION

# **EMISSION CONTROL INFORMATION LABEL AND ITS LOCATION**

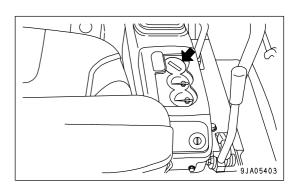

This is fixed on top of the water separator bracket.

EPA: Environmental Protection Agency, U.S.A.

# **SERVICE METER LOCATION**

On top of the machine monitor

SAFETY LABELS SAFETY

# **SAFETY LABELS**

The following warning signs and safety labels are used on this machine.

- Be sure that you fully understand the correct position and content of labels.
- To ensure that the content of labels can be read properly, be sure that they are in the correct place and always keep them clean. When cleaning them, do not use organic solvents or gasoline. These may cause the labels to peel off.
- There are also other labels in addition to the warning signs and safety labels. Handle those labels in the same way.
- If the labels are damaged, lost, or cannot be read properly, replace them with new ones. For details of the part numbers for the labels, see this manual or the actual label, and place an order with Komatsu distributor.

#### **LOCATION OF SAFETY LABELS**

SAFETY SAFETY LABELS

#### **SAFETY LABELS**

(1) Caution before operating or maintaining machine (09651-03001)

Improper operation and maintenance can cause serious injury or death.

Read manual and labels before operation and maintenance. Follow instructions and warnings in manual and in labels on machine.

Keep manual in machine cab near operator. Contact Komatsu distributor for a replacement manual.

(2) Caution for before operation (22L-98-22160)

To prevent SEVERE INJURY or DEATH. Do the following before moving machine or its attachments:

- Honk horn to alert people nearby.
- Be sure no one is on or near machine or in swing area.
- Rotate cab for full view of travel path if it can be done safely.
- Use spotter if view is obstructed. Follow above even if machine equipped with travel alarm and mirrors.

= 22L-98-22160 ·

(3) Warning for leaving operator's seat (09654-03001)

To avoid hitting unlocked operation levers, lower equipment to ground and move LOCK LEVER (located near seat) to LOCK position before standing up from operator's seat.

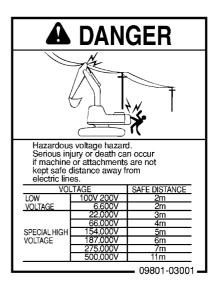

Sudden and unwanted machine movement can cause serious injury or death.

SAFETY

(4) Warnings for high voltage (09801-03001)

(5) Caution for operating pattern (22J-98-1A631)

THIS MACHINE IS EQUIPPED WITH A CONTROL PATTERN SELECTOR VALVE. TO PREVENT PERSONAL INJURY CAUSED BY MISTAKEN OPERATION, ALWAYS CHECK THAT THE MOVEMENT OF THE MACHINE MATCHES THE PATTERN SHOWN ON THE CONTROL PATTERN CARD BEFORE STARTING OPERATIONS.

- WHEN CHECKING THE MOVEMENT OF THE MACHINE, CHECK THAT THE SURROUNDING AREA IS SAFE AND OPERATE THE MACHINE SLOWLY.
- IF THE MOVEMENT DOSE NOT MATCH THE CONTROL PATTERN CARD, REPLACE THE CARD WITH THE CARD SHOWING THE CORRECT CONTROL PATTERN.

ALWAYS DO AS FOLLOWS WHEN CHANGING THE CONTROL PATTERN.

- LOWER THE WORK EQUIPMENT TO THE GROUND, STOP THE ENGINE, AND SET THE LOCK LEVER TO THE LOCK POSITION. THEN CHANGE THE CONTROL PATTERN.
- DO NOT RISK SERIOUS BODILY INJURY OR

  DEATH

- 22J-98-1A631 🗕

(6) Caution for high-temperature coolant (20M-98-83250)

----

To prevent hot water from spurting out:

• Turn engine off.

Hot water hazard.

- Allow water to cool.
- Slowly loosen cap to relieve pressure before removing.

**=** 20M-98-83250
