

It is important that you read this Operator's Manual for your own safety!

Before you start to use this truck it is of extreme importance that you have **read** the contents of the entire Operator's Manual to be able to use the truck in a **safe** and **efficient** manner.

This Operator's Manual contains information on how you should use the truck, safety regulations and how to keep the truck in a safe condition by following daily service routines.

Only personnel who have been trained on the operation of this type of truck, are permitted to use this truck.

It is your employer's responsibility to ensure that you have sufficient knowledge of how to use your truck safely. Do not hesitate to contact your supervisor if you feel the slightest uncertainty of how to use this truck.

Always follow the warnings given in this Operator's Manual and on the truck to avoid accidents and incidents from occurring.

Safety regulations

Warning symbols

Always follow the warnings given in this Operator's Manual and on the truck to avoid accidents and incidents from occurring.

Warning levels

Warning texts regarding safety are given in four levels and provide information on the risks, describe the consequences and instruct how to avoid accidents.

DANGER!

Warns that an accident will occur if you do not follow the instructions.

The consequences are serious personal injury or possibly death and/or extremely large material damage.

WARNING!

Warns that accidents can occur if the instructions are not followed.

The consequences are serious personal injury or possibly death and/or large material damage.

CAUTION!

Warns that accidents can occur if the instructions are not followed.

The consequences are personal injury and/or material damage.

NOTE!

Marks the risk of a crash/breakdown if the instructions are not followed.

Safety regulations
