Introduction

General

This Operation and Safety Manual provides the information needed to safely operate the XR842 Reach Forklift.

This manual should be considered a permanent part of the forklift and kept in the plastic, protective case located in the operator's cab.

Notice

BEFORE operating the forklift, read this manual completely and carefully to understand the safety instructions and the operation of controls and safety equipment. You must comply with all DANGER, WARNING, and CAUTION notices. They are for your benefit.

Warning

Improper operation of this forklift could result in death or serious injury.

BEFORE starting the engine, do the following:

- Read this Operation and Safety Manual.
- Read all safety Labels on the forklift.
- Clear the area of other persons.

Learn and practice safe use of forklift controls in a safe, clear area, BEFORE you operate this forklift on a work site.

It is your responsibility to observe applicable laws and regulations and to follow manufacturer's instructions on forklift operation and maintenance.

Replacement manuals

Replacement manuals for the XR842 Reach Forklifts can be obtained by contacting:

Xtreme Manufacturing
Phone: (800) 497-1704

Model/Serial Number Plate

When contacting the manufacturer, please have the forklift model and serial numbers available. The model/serial number plate is located on the left side, inside the operator's cab.

For easy reference, record the model and serial numbers in the space provided.

Model Number: _____

Serial Number: _____

Figure 1-1. Model/Serial Number Plate.

Orientation

Right side, left side, front, and rear are directional references given from the operator's seat while facing in a forward direction.

Figure 1-2. Forklift Direction Orientation.

Safety

Safety Disclaimer

Figure 2-1. Think Safety.

Xtreme Manufacturing reserves the right to make technical changes for product improvement. This manual may contain illustrations and photographs, for demonstration purposes, which slightly deviate from the actual product.

Safety information provided in this manual is a basic guide and an attempt to prevent accidents. Xtreme Manufacturing cannot anticipate every circumstance that might involve a potential hazard. Warnings in this manual and on the forklift are NOT all-inclusive.

You are responsible for safe operation of the forklift and all attachments. You must satisfy yourself that the techniques, operating procedures, work methods, or tools you use are safe; especially those not specifically mentioned by Xtreme Manufacturing.

The safety of everyone around the forklift depends significantly on your knowledge and understanding of all correct and safe operating practices and procedures. You can help prevent accidents by remaining alert and recognizing potentially hazardous situations.

Follow State and Federal health and safety rules and/or local regulations for operating and maintaining the forklift.

- This manual does not replace any laws and regulations.
- The operator is required to comply with all applicable laws and regulations.

Signal Words

Signal words are the word or words that call attention to the safety sign and designate a degree or level of hazard seriousness. The signal words used in this manual are DANGER, WARNING, and CAUTION.

⚠ Danger

DANGER (Red) used with the safety alert symbol indicates an imminently hazardous situation which, if not avoided, will result in death or serious injury.

⚠ Warning

WARNING (Orange) used with the safety alert symbol indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.

⚠ Caution

CAUTION (Yellow) with the safety alert symbol indicates a potentially hazardous situation which, if not avoided, could result in minor or moderate injury.

Caution

CAUTION (Yellow) used without the safety alert symbol indicates a potentially hazardous situation which, if not avoided, may result in property damage.

Safety Symbols

⚠ Warning

Safety symbols are provided to remind the operator of hazardous situations. Xtreme Manufacturing provides these symbols in an attempt to inform all operators, regardless of reading and language skills, of as many potential hazards as possible. These symbols cover many, but not all, potential dangers and hazards associated with operating the forklift.

Make safety a high priority while operating the forklift. Learn and follow all safety messages in this manual and on forklift Labels to prevent death, serious injury, or equipment damage. The following two pages include a list of some of the safety symbols that may be used on this forklift.

General Safety Alert Symbol

Read Operator Manual Before Operating This Forklift

Read Maintenance Manual Before Working On This Forklift

DO NOT OPERATE! Forklift Down For Service Or Maintenance

Read Material Safety Data Sheets (MSDS) For Chemicals And Fluids

Know First Aid Instructions And/ Or Locations On Work site

Perform Operator Inspection Before Starting This Forklift

DO NOT Operate If Using Alcohol, Drugs, Or Medications

Personal Protective Equipment Hardhat

Personal Protective Equipment Gloves

Personal Protective Equipment Safety Shoes

Personal Protective Equipment Safety Glasses

Personal Protective Equipment Ear Protectors

Lead Acid Batteries Create Explosive Gases

No Smoking Keep Lit Cigarettes Away

Keep Flames And Ignition Sources Away

Warning! Hydraulic Oil Under Pressure

Use A Board Or Cardboard To Check Hydraulic Leaks. DO NOT Use Your Hand!

Hydraulic System Under Pressure

Hot Oil! DO NOT Open Unless Cap Is Cool To Touch

Warning! Rotating Fan Blades Can Cut

Keep Hands A Safe Distance From Rotating Fan Blades

Warning! Rotating Belts Can Cut Or Entangle

Keep Hands A Safe Distance From Rotating Belts

Make Sure All Safety Labels Are Attached And Legible

Replace Worn And Illegible Safety Labels And Labels

Use Three Points of Contact When Entering and Exiting Forklift

Safety

XR842

DO NOT Jump While Dismounting The Forklift

Fasten Seat Belt

DO NOT Use As A Personnel Carrier

DO NOT Allow Riders On Forklift Frame Or Fenders

DO NOT Allow Riders On Or In The Operator Cab

DO NOT Allow Riders On Auxiliary Attachments

Falling Off Of Attachment Can Result In Death Or Serious Injury

**Set Parking Brake To ON
Engage Parking Brake**

**Set Parking Brake To OFF
Disengage Parking Brake**

**Warning!
Forklift Roll Away Can Cause Death Or Serious Injury**

**Warning!
Forklift Tip Over Can Cause Death Or Serious Injury**

**DO NOT Jump!
If Forklift Tips, Keep Seat belt ON And Brace Yourself**

**Warning!
DO NOT Travel With Boom Raised**

DO NOT Raise Boom While Traveling On A Slope

Tip Over Hazard, Especially Traveling Up A Slope Without A Load

**Warning!
Electrocution Can Cause Death Or Serious Injury**

**Danger!
Keep A Safe Distance From Electrical Lines**

**Hot Surface!
Keep Hands Away**

DO NOT Allow Anyone Under A Raised Load

Pinch Points Hands

Pinch Points Body

**Warning!
Explosion Hazard**

DO NOT Use Ether As A Starting Aid

Have Adequate Ventilation If Operating This Forklift In An Enclosed Space
